

ONLINE

MASTER OF EDUCATION (M.ED.) IN LEARNING DESIGN AND TECHNOLOGY

AN AFFORDABLE PROGRAM FOR TEACHERS AND LEARNING DESIGNERS WHO WANT TO OPTIMIZE AND ENERGIZE THE LEARNING EXPERIENCE

Inspire your students, get inspired yourself.

Current teaching standards demand you reach a classroom of diverse learners. The Online Master of Education in Learning Design and Technology from Saint Mary's University integrates groundbreaking research regarding the way people learn with educational technology insights to develop coursework that transforms educators into master teachers. This means you'll

- Connect with a classroom of diverse students and influence them to become engaged, life-long learners.
- Nurture the spirit of learners by bringing the latest technology and elements like exploration and creativity into the classroom.
- Be a force of positive change by promoting a culture of learning, and encouragement to seek out new ideas.

SAINT MARY'S M.ED. IN LEARNING DESIGN AND TECHNOLOGY PROGRAM ALLOWS YOU TO

- **Use Real-time Applied Learning:** Your participation in these innovative courses, and your investigation of learning, teaching and rethinking education means you can immediately introduce your new skills or a new technology as a way to reach your students.
- **Learn From Industry Experts:** Coursework is taught by the best practitioners in the field. They're valuable resources — comparing and contrasting their vast experiences, giving you immediate ideas of tactics and technology to try in the classroom.
- **Join a Supportive Community:** Saint Mary's prides itself on maintaining a faculty and staff of supportive, caring instructors who dedicate themselves to your technological, academic and professional advancement and in setting the standard to your becoming an intuitive and inspirational educator.
- **Use Graduate Certificate Credit Toward Degree:** Students may use all credits of the Critical, Creative, and Design Thinking Certificate and/or the Teaching, Training, and Leading with Technology Certificate toward completing the Master of Education in Learning Design and Technology. When you complete both certificates you fulfill all the requirements for the master's degree.

ILLUMINATE YOUR CLASSROOM

A new generation of tech savvy students is entering our nation's school systems. These learners relate to technology in a new way that is changing how learning occurs in the classroom. Students now rely on computing, the internet, and digital media to understand and interact with the world around them. The importance of technology in education has never been greater, and teachers of the future will need to keep up with their students by staying at the forefront of technology and learning design.

THE ONLINE MASTER OF EDUCATION (M.ED.) IN LEARNING DESIGN AND TECHNOLOGY CURRICULUM

This program redefines what constitutes teaching in the 21st century, maximizing the intersection of content, pedagogy and technology.

Complete the program to

- Find the best way to meld technology integration with meaningful learning design and culturally responsive pedagogy.
- Design instruction for that promotes curiosity, personalized learning, critical and creative thinking, and engagement.
- Think differently about problem solving, creativity, learner motivation, technology tools, leadership, assessment, and collaboration.
- Discover how to improve education by initiating school-wide meaningful system-wide change via the design thinking process.

DEGREE REQUIREMENTS

The curriculum of the M.Ed in Learning Design and Technology is a 30-credit-hour course program comprised of 10 courses that are 3 credit hours each.

Required Courses — 30 credits

IGNITE: Incorporate New Knowledge — 6 credits

LDT 600 Inquiry and Information	3 cr.
LDT 602 Investigations of Learning and Teaching.....	3 cr.

CENTER: Create Individual Capacity — 6 credits

LDT 610 Dispositions and Mindsets.....	3 cr.
LDT 612 How Learning Occurs	3 cr.

DESIGN: Create Personalized Learning — 6 credits

LDT 620 Designs for Learning.....	3 cr.
LDT 622 Personalizing Learning with Digital Technology	3 cr.

EXCHANGE: Create Shared Solutions — 6 credits

LDT 630 Interdependence and the Collective Advantage.	3 cr.
LDT 632 The Networked Global Community.	3 cr.

INITIATE: Create School Change — 6 credits

LDT 640 Rethinking Education	3 cr.
LDT 642 Advocacy and Sustainability.....	3 cr.
